

# Day 1 Report: August 20, 2024

## Team Members: Talha and Omaina

### 1. Talha's Contributions:

Today, Talha has made significant progress on critical components of our project:

- **Reservation System:** Talha has efficiently worked on the reservation system, ensuring that it is functional and user-friendly.
- **Gallery Section:** Talha also focused on improving the gallery section.

Talha's work has been thorough and impactful, addressing key areas of our project with dedication and skill.

### 2. Omaina's Contributions:

Omaina has made the contact page, addressing several important aspects:

- **Contact Page Development:** Omaina worked diligently on the contact page, implementing necessary features and improving its design. Her contributions have ensured that the contact form is functional and the page is aesthetically aligned with the rest of the site.

Omaina's efforts have resulted in a well-designed contact page.

### 3. Tayyaba's Contributions:

- **Homepage Development:** I worked on coding the homepage, ensuring its functionality and visual appeal. I have established a solid foundation for the site's front end.

### Summary:

Both Talha and Omaina have demonstrated strong performance today. Their individual contributions are highly valued and have positively impacted our overall project.
